

PinPoint Web

Stock Tracking Web Suite

All your documents in one place ...

Full document availability for all of your clients, show delivery information and POD documents instantly. Take your clients to the 3rd party courier tracking via interactive links. Delivery documents can be viewed on screen, saved as a PDF or printed.

Manage your Stock remotely with ease ...

We make powerful and easy to use Stock Management software for the Warehousing industry. We help you to plan your work with flexibility and ease, allowing you to concentrate on the job in hand, secure in the knowledge that all the information you require is at your fingertips.

Allow your clients to interact with you directly by allowing them access to an on-line portal, which they can view and query their stock and shipment information for themselves. This can be set-up to display live or scheduled transactions to suit your needs.

Dedicated Software support.

With PinPoint Web, as with all our software modules, you get the peace of mind knowing that you have a dedicated team of support experts poised ready to deal with your software problem, from within our state of the art UK call centre.

Features of the system

- + Automatic Real Time Updating - Let your clients get the most up-to-date information fast!
- + Full User Management Control - Multiple Accounts per client, with full customisation and control.
- + Search by Date Range, Reference & Stock Codes - Powerful & Flexible search facilities allow your clients to find the information they are looking for at a glance.
- + Output to CSV File or Email CSV Directly - Flexible output types makes it easy for your clients to arrange their information how they wish
- + Suitable for Coldstores or Warehouses (bulk or palletised) - The flexible nature of our software means it is equally at home controlling Coldstores as well as ambient warehouses.
- + Easily View Stock Breakdown and Transaction Information - Our Dashboard technology allows you to see a graphical view of the clearance status of any given consignment.

Why Choose PinPoint Web ?

As a busy Warehouse operator the more information that can be passed to the customer easily and concisely means less time spent by your operators passing on this information.

With PinPoint Web your customers get their own portal showing the most accurate and up-to-date information, all available at their fingertips allowing them to make mission critical decisions & react to stock levels or issues.
